PHILIP MORRIS INCORPORATED
INTER-OFFICE CORRESPONDENCE

100 Park Avenue, New York, N.Y. 10017

(F)
Additives

To: Dr. R. B. Seligman
Dr. T. S. Osdene

Date: August 7, 1981

From: F. S. Newman

Subject:

You may recall that at our meeting on April 2, David Hickman was asked to consider the regulatory status of urea and triethylene glycol.

Attached for your review is a copy of the memoranda we have now received. The memoranda do not appear to my uneducated eye to be more than literature reviews.

We would appreciate any thoughts or comments you may have.

Fred
